In 2018, the Academy sponsored a successful employment forum with ten prospective employers and approximately three hundred visitors participating. Job seekers included the graduating classes of several major forensic science degree programs.

### **The AAFS Forensic Science Employment Forum is:**

- A free event open to all registered meeting attendees.
- An opportunity to meet employers, and for them to meet you.
- An opportunity to make personal contacts and distribute resumes.
- A means to assess the job market in your discipline.

There is no fee to participate but space is limited and assigned on a first-come, first-serve basis. For more information or to register and ensure available table space for your group, complete the form and return it to: Christopher Drake at [cdrake@aafs.org](mailto:cdrake@aafs.org).
