2019 will be the eighth year that AAFS is offering FEPAC-accredited colleges and universities an opportunity to promote their educational programs to potential students. In 2018, eighteen major forensic science degree programs participated in the AAFS FEPAC College & University Fair. Programs will have their own session in conjunction with the AAFS Wine & Cheese Reception to showcase their program and campuses.

The AAFS FEPAC College & University Fair is:

- A free event open to all registered meeting attendees.
- An opportunity to meet students, and for them to meet you.
- An opportunity to make personal contacts.

There is no fee to participate but space is limited and assigned on a first-come, first-serve basis. For more information or to register and ensure available table space for your group, complete the form and return it to: Christopher Drake at cdrake@aafs.org.
